

POOL FROG DUAL vs. Salt Chlorine Generators

Thinking about salt? Think FROG® instead!

POOL FROG DUAL can do everything a salt chlorine generator can do and more, BUT at a 1/4 of the initial cost!

POOL FROG DUAL uses minerals that require up to 50% less chlorine than a salt chlorine generator pool so...

- POOL FROG DUAL produces soft and silky crystal clear water.
- POOL FROG DUAL eliminates red eyes, itchy skin, hair damage, and faded swimsuits.
- POOL FROG DUAL helps keep the pH neutral unlike salt chlorine generators that drive the pH up.

POOL FROG DUAL does not pose corrosion problems associated with salt chlorine generators.

POOL FROG DUAL doesn't require electricity like salt chlorine generators do. This means:

- No energy costs
- Simple and dependable operation
- No nuisance shut downs
- No expensive component replacements
- Fewer headaches and inconveniences

POOL FROG DUAL is backed by a 10 year warranty - approximately 3 times that of salt chlorine generators.

POOL FROG DUAL and its patented mineral technology offers great benefits:

- EPA registered mineral technology **reduces chlorine use up to 50%.**
- Minerals not only destroy bacteria, they help **maintain a neutral pH in the pool.**
- POOL FROG DUAL simplifies pool care for **less work.**
- When used in conjunction with FROG BAM®, POOL FROG DUAL is backed by a **90-day algae-protection guarantee.**

POOL FROG DUAL

The Complete Pool Care System

PRODUCT YOU CAN COUNT ON:

Sturdy construction and durable materials result in a product you can count on to offer the best in pool care with a ten-year warranty.

CONVENIENT:

Pre-filled Pac eliminates exposure to chlorine for greater ease and convenience.

LONG LASTING:

Trapped air in pac keeps chlorine dry so it lasts longer with less consumed per season. Simply replace when empty - usually every 3-4 weeks.

INNOVATIVE:

Mineral technology destroys bacteria and helps keep pH in line while reducing chlorine use up to 50%*.

NO GUESSING:

Turn the dial to on. No adjustments are ever needed. Turn the dial to off when replacing the Mineral Reservoir.

Mineral Reservoir lasts 6 months.

*Compared to the minimum EPA recommended chlorine level of 1.0 ppm for a stabilized swimming pool.

RELIABLE:

Water cycles through only a small amount of chlorine for more uniform and reliable output.

PRECISE:

Set this control dial to precisely meter out just the right amount of chlorine (only 0.5 ppm).

POOL FROG DUAL: Complete system of innovative mineral technology and low level chlorination

- 1) FROG® controlled release minerals continually replenish themselves over 6 months for added protection against bacteria, as well as keeping the pool's pH balanced by acting as a neutralizer.
- 2) FROG® makes DIY pool care simple and fun.
- 3) FROG® components are convenient and easy to use.
- 4) FROG® prepackaged chlorine pac lasts 3-5 weeks depending on the size of the pool and the bather load.
 - Eliminates exposure to chlorine
 - System design delivers uniformed and reliable output
- 5) FROG BAM® offers a 90-day algae-protection guarantee. One bottle treats up to 15,000 gallons.

Only 15 minutes/week maintains clean, clear, silky soft water.
