## Skimmers

Doughboy's skimmers lead the industry in design and functionality.

### All Skimmer Features:

- **Industry Exclusive, U-Joint Skimmer Gasket** provides extra protection against leaks.
- **Rounded Skimmer Faceplate and Return Fitting Cover** enhances close-to-the-wall skimming action and provides a tight seal with gasket for pool and wall protection.
- **Large skimmer opening** allows maximum water flow for more efficient skimming — as wide as most in-ground pools.
- **Tough, corrosion-resistant, large capacity leaf basket** extends times between cleaning; basket is easily removed.
- **Vacuum hook-up** allows for easy, convenient vacuuming and pool maintenance.
- **Color-coordinated threaded return fitting with safe directional eyeball and shut off disc** provides an efficient return of filtered water to the pool.
- **High efficiency skimming weir** provides exceptional skimming action.
- **Single barbed adaptor for 1 1/2" hose** for convenient skimmer hook-up.
- **Safe, self-sealing vacuum port closure** covers vacuum port when pool is in use.
- **Choice of skimmer body colors** in beige or gray to compliment the pool design.

### Classic Deluxe/Deluxe Skimmer Features:

- **Massive snap-in dual braces** offer even distribution of weight on the pool wall.
- **Heavy duty clear lid** serves as a vacuum plate; allows you to see the leaf basket.
- **2" skimmer extension** provides the additional clearance necessary to accommodate our massive 10.62" or 8 1/2" top rails.
- **Hard Plumb Adapter Kit** has a glue on adapter for the skimmer and screw on adapter for the return. The skimmer still can use flexible hose kit includes 1 ea. threaded union socket, & union adapter, 2 ea. union sockets, union nuts and o-rings. (6 kits/ctn.) **Model 0-2351-014**. This kit allows a total hard plumb for Doughboy skimmers and returns. (see picture below)
- **In-Ground Skimmer Extension Kit** extends the Doughboy skimmer to the height required to finish a walkway. There is no drilling or cutting. Remove existing skimmer lid and install adapter and extension. Raise to desired height and screw in place. **Model 0-2351-011**
