The Ultra Vac

The Ultra Vac Automatic Pool Vacuum provides an excellent way to clean any coved in-ground or above-ground pool from 3 feet to 9 feet deep. It's flow and performance have been engineered for ease of use and cleaning effectiveness. It is aggressive in its mission to seek out and vacuum up debris on the pool bottom and sidewall.

Vacuum Features & Benefits

- **Durable footpad** provides traction for efficient pool movement.
- **10 each, 3' white vacuum hoses** permits superior pool coverage.
- **Five hose weights** allows the Ultra Vac to easily access deep swimming areas.
- **Buoyancy ring** keeps the Ultra Vac at proper angle for precise vacuuming; also assures continuous mobility.
- **Custom rub-bar** provides additional balance for the pool vacuum in deep water. Reduces the chance of vacuum getting tangled or blocked on most pool ladders or stairs.
- **Automatic flow control valve** offers flow control to match pump flow rate, ensuring superior cleaning.

Model No. 0-2035-000

- **Universal skimmer fitting** allows the Ultra Vac to adapt to most skimmer configurations.
- **Custom swivel with Delrin Washer** effectively reduces friction to keep the Ultra Vac from tipping over; also keeps the vacuum hose from tangling.
- **Twin drive tubes** provides kinetic energy for total mobility.
- **Bumper strap** helps turn the Ultra Vac for random pattern cleaning coverage.
- **Vacuum seal** made from pleated polyurethane for maximum flexibility.
- **Easy installation.** The Ultra Vac can be installed in minutes without tools.
- **Five year warranty.**

Pool Vacuum Hose Kit - Model 0-2030-001
Provides additional hoses to accommodate larger pools.
Packed 10 each 3' hoses per carton
