

E-Z VAC®

KREEPY KRAULY®

# E-Z VAC® ABOVEGROUND POOL CLEANER

## THE WORLD'S BEST-BUILT ABOVEGROUND POOL CLEANER

The Kreepy Krauly E-Z Vac cleaner is designed just for aboveground pools, but its design is based on the same time-tested platform as the most popular suction-side cleaner in history: the Kreepy Krauly Inground Pool Cleaner.

## PRODUCT FEATURES

- Superior hydraulic design delivers optimum vacuuming power, and true random-pattern coverage makes sure floor is thoroughly vacuumed.
- Simple design for long, dependable life—"flapper" is the only operational moving part.
- Virtually maintenance free—no wheels or gears to jam, no diaphragms to replace, no bags or compartments.
- Free-skimming, adjustable valve regulates water flow to assure proper cleaning speed while allowing for skimming of surface debris—both cleaning jobs are completed at once.
- Works flawlessly in both flat-bottomed and dish-shaped pools with a banked or radius cove.
- Installs to your skimmer in minutes without tools.

KREEPY KRAULY®

# E-Z VAC®

## ABOVEGROUND POOL CLEANER

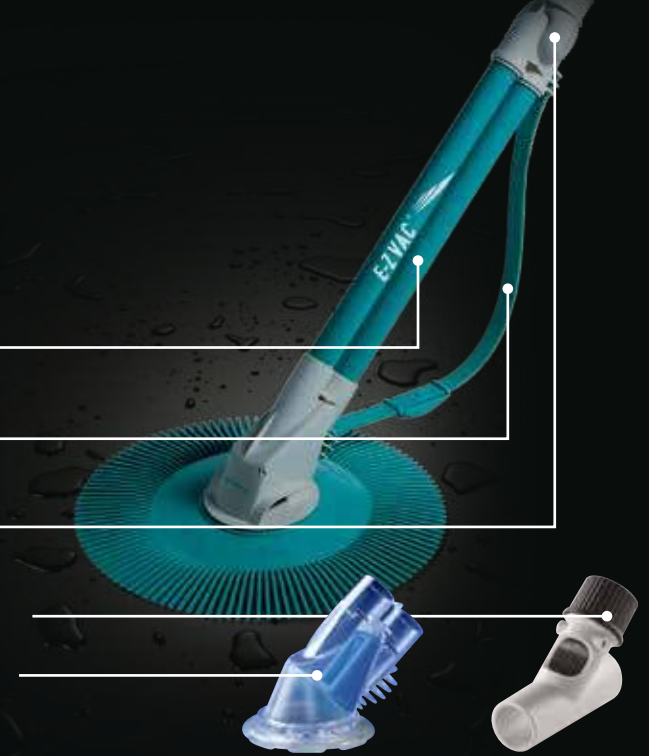

Drive Tubes: Where water flow is intermittently directed to generate kinetic energy for mobility

Bumper Strap: Protects the unit, allows freedom of movement around steps and ladders

Swivel: Converts water flow into a single stream for maximum hydraulic efficiency and peak cleaning performance

Adjustable Regulator Valve: Sets ideal travel speed for more thorough cleaning

Flapper: The only operational part is housed inside the unit, divides water flow to help propel the E-Z Vac cleaner

### SEVEN REASONS WHY THE E-Z VAC CLEANER IS THE BEST ABOVEGROUND CLEANER YOU CAN BUY

- It's thorough. The superior hydraulic design of the Kreepy Krauly E-Z Vac cleaner delivers optimum vacuum power, and its true random-pattern coverage makes sure your pool floor is thoroughly vacuumed.
- It's dependable. The E-Z Vac cleaner's simple design ensures a long, dependable life—the "flapper" is the only operational moving part.
- It's virtually maintenance free. There are no wheels or gears to jam or wear out, no diaphragms to replace and no bags or compartments to empty.
- It's a multi-task system. Free-skimming, adjustable valve regulates water flow to assure proper cleaning speed while allowing simultaneous skimming of surface debris. Both cleaning jobs are completed at once.
- It's engineered for your pool. It works flawlessly in both flat-bottomed and dish-shaped pools with a banked or radius cove.
- It's easy. The cleaner attaches to your pool skimmer in minutes without tools, so it can start vacuuming leaves, dirt, sand, insects and other debris from your pool immediately.
- It's backed by one of the world's largest pool equipment manufacturers. Have a question? Contact our toll-free consumer helpline to speak with a live technical expert.
